ROOST SUPPORT

Thanks to the amazing and generous support of our sponsors in 2023, we had our second professional day that combined key USCG Aviation briefings with Industry insights on how to improve capability, sustain the current fleet, and build efficiencies for USCG Aviation. Additionally, we held our first ever career transition session. The generous support allowed sponsorship of Coast Guard Aviation Awardee Guest travel and significant cost offsets to encourage and help junior members attend the Roost and Banquet, along with critical help throughout the year to our active-duty aircrews. To build on this success, CGAA presents this year's tiered sponsorship opportunities for your consideration.

A Strong Partnership

The Coast Aviation Association does extraordinary work recognizing the heroic and sometime unsung efforts of Coast Guard Aviation Crews. Our members also meticulously research, catalog, and document CG Aviation History and artifacts. Most importantly, we find opportunities to support the women and men of CG Aviation. Our organization is 100% volunteer with extremely low overhead. Our members generously support our efforts, but we must also seek, gain, and strengthen strong partnerships to advance and sustain our very critical efforts.
